

54 days to change the world. Day 13.

Today is the thirteenth day of this novena. We will be praying the Joyful Mysteries in a spirit of petition.

During the Second World War, eight Jesuit priests were living in a parish house in Hiroshima, Japan, less than a mile from the drop site of the atomic bomb.

The atomic bomb devastated Hiroshima. All of the buildings surrounding the home of the Jesuits were completely destroyed, most of the city was in ruins, thousands of people were killed, those who did survive suffered tremendously from radiation exposure, and yet the house remained standing, and the eight missionary priests miraculously survived.

Not only were these men miraculously saved, but they showed no evidence of being exposed to radiation.

Due to the miraculous nature of their survival, the priests were examined many times, but no one was able to explain how they could have remained unharmed by the cataclysmic blast. Yet, these men continued to be unaffected by the radiation for the rest of their lives.

Throughout their lives, the faithful Jesuits continued to assert that they survived unafflicted precisely through Our Lady's intercession. They attributed their survival to the fact that they were living the message of Fatima and praying a Rosary in their miraculously protected home every day!

Continue to place your faith in Our Lady, she will protect you!
